## MECON PROPERTY

## PIRGOS PSILONEROU LUXURY VILLAS

## **VILLA APHRODITE**

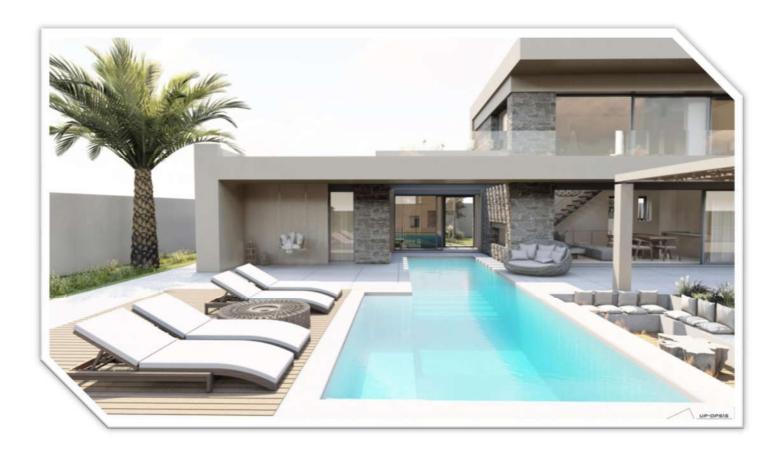

The new project to be constructed by Mecon Property, in Pirgos Psilonerou, Chania, consists of five luxury sea view villas of unique aesthetics. The project includes two ground floor residences with private swimming pool and three two-storey residences with basement and pool.

The villas come with spacious, indipendent plots, planted gardens, parking spots and solar panel installation. They all feature a combination of stone, glass and coated surfaces, with large openings and comfortable indoor and outdoor areas. They are located at just 200 meters from the beach and at 4 km from Platanias, the most popular tourist resort in western Crete.

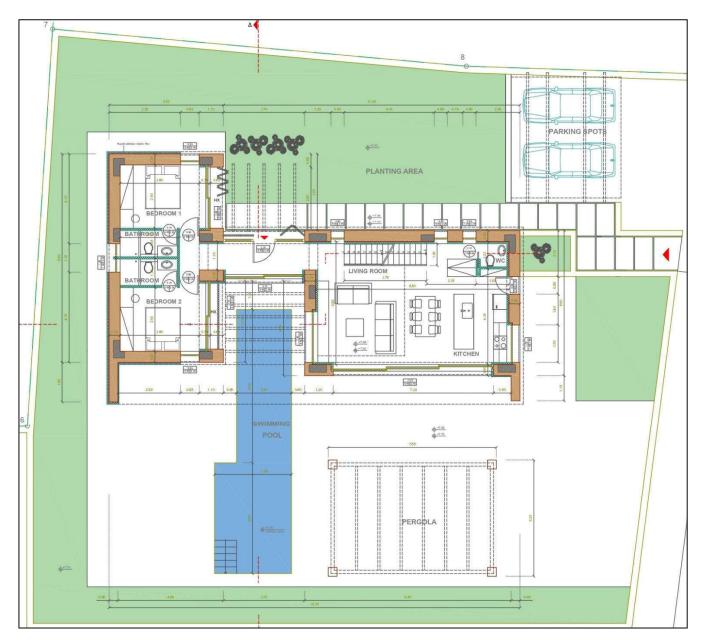

Apart from the unique architectural aesthetics, the A++ rated energy efficient residences, will be built using modern technological solutions, such as independent heat pumps with slim-line floor fan coils, window frames with thermal break and energy glazing, and solar panels connected to the power distribution network via Net Metering system.
